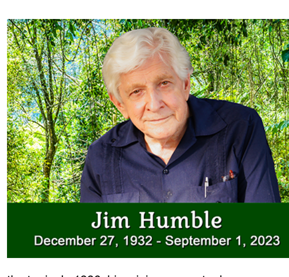
Special Announcement

September 5, 2023 @12am ET

Original HOME PAGE



It is with deep emotions that we announce the passing of Jim Humble, a remarkable inventor, author and humanitarian, who passed on peacefully on September 1, 2023 at the age of 90.

Jim Humble was born on December 27, 1932 in the US State of Alabama. He led an interesting life that was full of challenges and contributions to mankind that continue to impact millions around the world. He lived a very humble life that matches his name—he was always ready to give to those in need.

In his early years he was involved in engineering which he carried through to his mid-life as an expert in mining. His creative mind led to various inventions and books on the topic. In 1996, his mining career took an unexpected turn toward the world of health when a team of men working on his expedition came down with malaria. All he had with him at the time were some water treatment drops that he offered to the sick men. To everyone's surprise, they quickly improved after taking a few drops.

This experience inspired Jim to research how one of the world's greatest plagues could so easily be stopped. He discovered that the water treatment drops he used in the jungle was sodium chlorite and that when taken internally in very small amounts would convert to just enough chlorine dioxide to kill malaria parasites. During the months that followed, in his travels through the jungle, he helped many others recover from malaria and other illnesses. When Jim himself came down with a bad case of malaria, he went into the city to be tested, wanting to document the fact that he indeed had malaria. Sure enough he was malaria positive and he promptly took his own drops. In a few short hours, after feeling much better, he took a second test which read malaria negative. Jim walked out of the clinic, stood on the sidewalk, and said to himself, "I've got to take this to the world." And so, his greatest journey began.

He nicknamed his discovery MMS (chlorine dioxide) and wrote numerous books on the subject that have been translated into many languages.

Jim Humble's legacy is that he had the will and the determination to freely give his discovery to the world, and as a result, millions of lives have been changed. Through his efforts many health uses of chlorine dioxide have been brought to light worldwide.

Jim was deeply burdened with the current plight of mankind and the blatant manifestation of evil in the world. He was a firm believer in the spiritual realm, and acknowledged that there were powers that must be defeated. He has now transitioned to the other side, to join in the fight for freedom from a new vantage point.

Jim's wish and wise counsel for others through the years has always been:

- Take your maintenance dose of chlorine dioxide (MMS) daily.
- Do some daily jumps to strengthen your bones.
- Always do the right thing.
- And, help one another.

Before his passing, he was insistent that we must "Be careful!". He said, "Be careful, because if you aren't you might screw up. Be careful about what's happening around you. You gotta be careful both physically and spiritually, so you'll be ok. Like soldiers we have to always be on watch."

We are not saying goodbye to our dear Jim, because we know that he lives on—there are no "Goodbye's…" Only, "'Til we meet again…" In recent years his closing words in interviews were most often, "Get my book, read it, learn about MMS (chlorine dioxide), tell your friends, tell other people, and use MMS (chlorine dioxide) for maintenance."

If you wish to pay tribute to his great man… join us in endeavoring to do as he taught and lived—spread the word about Jim's incredible discovery—it may save lives!

Dear Jim, you're an angel disguised as gentleman, under your white hat. Always thoughtful in the interviews I've watched, since 2009.
Your nicknamed Miracle Mineral Solution, and your great service, is a blessing for humanity. You did the right thing! You've saved many lives, Jim 🙏May God hold you in the palm of his hand.

Sir, I salute you. Like Nikola Tesla, your wisdom and love for mankind is Balm of Gilead. Your dedication to truth and sacrifice evoke the atonement of Christ who stands supreme of all powers. We are all winners when we stand with truth and light. Thank you my dear friend of mankind. I continue to pray for those that still fight on this side of the veil including Daniel Smith. May God bless us all. We will meet and sit down to feast with Christ!

I will use Chinese for my fellow national.
我不常生病，但一生病就會很嚴重，有幾次服用MMS治癒嚴重感冒與頭痛的經驗。我是經由朋友Mike的介紹開始MMS之旅。起初是半信半疑，而且因其味道很差，所以初期並未嘗試。直至資料讀多了，又剛好生病，所以硬著頭皮姑且一試，想不到病很快就好了。引起好奇深入研究，多方搜集資料，研讀後發現原來二氧化氯早就被用於飲水的消毒、醫療器械消毒、食品消毒等等應用。所以也將初步研究的結果發表於Mike的網站：CDS4health.com。目前也慢慢將研究結果整理成書，希望有天能造福更多的人。
Humble是人道主義者，他在非洲，花自己的錢治癒無數的人，各種疑難雜症大都能治癒。但是他受西醫打壓，被視為眼中釘，因為他的療法若被大力推廣，將會撼動全球1.48兆的醫藥市場
(https://www.statista.com/topics/1764/global-pharmaceutical-industry/#topicOverview)。
隨機雙盲測試是西醫自認為判定藥物是否有效的黃金標準，但是卻無人(包括政府)願意去驗證MMS是否有效，所以也就無法用可治病的藥來宣傳。這是典型的西藥工業用來打壓替代療法的手段。
如果你對MMS有所懷疑是正常的，我也希望你深入研究後再做判斷，也希望你讀讀那些被治癒者的證言。如果要等西醫證明其有效，保證你永遠等不到。
最後感謝Humble先生的貢獻，僅致上深沉的哀思！

Hey People.
I do hope someone creates a sculpture of Jim's bust (upper body) . . maybe not for profit but only to create a souvenir (many for many people) But not sure if such think Jim would approve … but he deserves a whole Monument …
Also MMS must have a Flag like a maybe silver flag with blue as the buttom stripe and with 3 golden stars stand for the "MMS drops" on the silver portion of the flag …Silver (grey) and Deep blue goes well …
I am sure Jim aware of all we his supporters desire …

You are one of the top most greatest men of our time Dr. Humble. A gift to all mankind. I have followed your work from 2009, and only recently 2023 – am putting your work to use on a precious feline. You have provided hope and knowledge where there was nothing left for us to turn to. I hope to meet you on the other side to Thank you. Heartfelt Love to you, Dear One.

God bless you
Jim Humble,
I was saddened to find out that you passed away today. I wonder how many life's you saved. The numbers must be very high!
Originaly, my friend Chaz Hawley told me that he had suffered horribly with Lyme disease, until a friend told him about you and MMS.
Since then he has been cured, and helping others find out about you.
I had a near fatal case of Cellulitis, which the MMS cured. After that I told many people.
7 friends came back from end stage cancer, 3 from HIV, 26 from absess gums, 1 from Liver failure, 2 from Kidney failure, 31 from Covid19 and 10 from Skin conditions.
I pray that your cure will live on to save lives and nothing will stop this fron happening. Thank you for saving my friends life and mine. You have been a blessing to so many!
I will send tons of love and prayers to your family and loved ones and for your gift to continue.

With my greatest of respect,
Love, Pip

God WILL bless this man, Jim Humble ❤️ I just found out he had pasted away. Saddened by this news. Back in 2020 while our world was floating around in uncharted waters, I came across an interview of Sasha Stone and our friend Jim Humble. Remarkable testimony and what an honorable, kind man. Ordered the MMS. Throughout the pandemic, my husband and I were fine. I have shared this miracle solution abundantly. Jim Humble has left a legacy of love for humanity and a healing remedy for all. God Bless

The world lost an angel September 1st. May he watch over us all. Jim saved millions of people form all manner of affliction, including myself, my husband, and my extended family and friends. Cured my skin cancer, cured my husband's 50 year old allergy (in just 3 weeks I might add), granddaughter and niece's acne, and on and on. I have shared this far and wide with friends and family and will continue to do so. I will forever be grateful to Jim Humble and all the rest who worked in the Churches to selflessly help people. I pray for their exoneration. I'm am sorry for your loss, it is truly the world's loss. Collectively, we will make sure his legacy lives on. God Bless Jim Humble and his family.

A man of courage, a man of might,
Who stands up for what is right,
Who fights against the corrupt and vile,
And walks the extra mile.

He knows the path he takes is tough,
But he never backs down, he's always rough,
He knows the risks, he knows the cost,
But he never lets his spirit be lost.

He's a beacon of hope in a world of despair,
A shining light that shows us we care,
He's a hero to all, a champion of right,
A man who never gives up the fight.

So here's to the man who stands up tall,
Who never falters, who never falls,
Here's to the man who fights for us all,
Who answers the call.

May his courage never falter, may his spirit never break,
May he always be there for humanity's sake.

Thank You Jim For Being a REAL warrior To The Most High Spirit!

Your Legay will Continue for internal.

Jim eligió desencarnar en este tiempo, seguramente sabiendo que su Ser sería más útil en otra dimensión, en estos tiempos del final de una Era y con la elevación de vibración que se necesita para este "paso". El hizo, creo yo, el más grandioso aporte para la humanidad, fue muy generoso entregar su vida en compartirlo, un definitivo ser de Luz. Lo mismo que Andreas que continúa su legado. Jim no te deseo que descanses en paz, xq seguramente te mudaste para poder seguir ayudando en estas horas únicas para la humanidad, desde un mejor lugar, ya luego todos descansaremos juntos de este tiempo y lo disfrutaremos en unida celebración. Nos vemos pronto, esto ya termina🙏, quiero abrazarte para agradecerte tanto. Un honor saber de ti. ❤️
Para quienes no entiendan mis palabras, busque la película documental "Nuestro Lugar" o "Nosso Lar" de la fundación André Luiz de Chico Xavier.🙏Nos veremos todos.

I have followed Jim and Mark G since 2012 when I was dealing with many health issue related to fibromyalgia and liposarcoma. Jim's book from 2009 was my lifeline. I have been teaching classes using his book and Marks workbook from his seminar. To this day, their work is the MMS standard of care. I teach classes and, in the Humble spirit, I never charge people. Often they will give me a gift. As the Fall and Winter approach, I will speak up all the more. I am so grateful for Jim's pioneering spirit and his dedication to MMS integrity and truth. Jim, you will not be forgotten.

Jim Humble now rests until the [very soon] return of our Creator, Jesus Christ. It was a pleasure meeting Jim when he came to New Zealand in 2014 and stayed at our home. God has used Jim to achieve His will, and Jim against all the unjust attacks by the enemy pressed forward in the face of adversity. The journey that was initiated through Jim, is now being moved forward by millions of people around the world who have experienced the wonders of his discovery. We look forward to the coming Earth Made New [2Pet 3:13 and Rev 21:1], in which dwells righteousness and all those who trust in the Lord. See you again soon Jim …

I have not used the product you recommended for many illnesses but I did purchase it and your book and Dr Kalkers book as well.
I wish you were still alive I have a ton of questions to ask you-
I am grateful that you shared your method of healing with the world.
I do keep it on hand just in case.
I am the one that told hospitals to use Ivemectin after I cured myself with food grade diatomaceous earth for covid severe case.
Many died because they refused to give it even after they used it to cure the police and nurses and those in congress and senate.
Being rich and in certain positions has it privileges.
This is the problem with the society we have now-
So now there are 126 research papers proving I waas right- covid is a parasite like I said and Food grade DE and Ivemectin cure it as I told hospitals in April of 2020.
MERS is also a parasite of the lung inside an envelope virus as I said before.
I know what it is like fighting THE SYSTEM to prove another method works.
Thank you for your service to humanity an much love to you and your family!
God Bless you!
Diana

Dear Friends,

We would like to express our deepest sympathy, love, and respect to the family of our beloved friend Jim Humble, who dedicated his life to the search of health and healing life, and showed us the way to a better health.
May this teacher now rest in peace in paradise.
To his family we give our sincerest condolences and embrace in this moment of sorrow, and we implore of the Good Lord that he may send His Comfort the Comforter with His blessings.
With all our love and blessings,
Ivana

Lieber Jim,
Ich wünsche Dir eine gute Reise und wohlergehen.
Danke, Du hast der Menschheit ein so kostbares Geschenk gemacht.
Wie gut, dass Du hier warst!
Ich werde Dich nicht vergessen und in Dankbarkeit in meinem Herzen tragen.
Wie gut, dass Du Dein Wissen weiter gegeben hast.
Sehr mutige und kluge Menschen können es weiter entwickeln um der Menschheit zu dienen, wie Du.
Danke 🙏

في عام 2017 عرفني محمد كيلاني على
المشروب المعجزة لجم همبل شاهدت جم لأول مره في اليوتيوب يشرح إحدى بروتوكولاته وكان يعد النقاط ووجدته بري ومضحك لنفس الوقت
تحمست واشتريت كتابه وقرأت قصته ووجدت انه رجل عظيم خدم الإنسانية قررت تجربة المشروب المعجزة وكان مذاقة في البدايه غيرجيد لكن مع
مرور الوقت تعودت عليه هذا المشروب غير مفهومي بالكامل شكراً جم ممتنه لك لما قدمته للإنسانية نور وسلام على روحك الطاهرة

In 2017, Muhammad Kilani introduced me to The Miracle Drink by Jim Humble I watched Jim for the first time on YouTube explaining one of his protocols and he was counting the points and I found it wild and funny at the same time. I got excited and bought his book and read his story and found that he is a great man who served humanity. I decided to try the miracle drink and it tasted bad at first, but over time I got used to it. This drink is not good. My understanding is complete, thank you very much, I am very grateful to you for giving light to humanity and peace to your pure soul

The discovery of Jim's work was for me like a blessing from heaven. I love the way he explained things and his love towards mankind. Thanks to the reading of his book, I came across Andreas Kalcker and I share whenever the opportunity is there, the benefits of Chlorine Dioxide. Dear Jim I wish you a blessed journey in that other realm, and all my gratitude for your great work.

Acabo de enterarme de esta noticia…
Es lamentable saber q a partido Jim Humble un pionero y guerrero a más no poder, perseguido hasta el final para acallar su descubrimiento y la propagación del Dióxido de Cloro para la sanación de tantas enfermedades y dolencias q aquejan a las personas, tanto se la jugó por la verdad que hasta creó una pseudo religión para poder regalar el mms sin q fuese perseguido por los Estados y la política en general. Sólo él y sus cercanos saben realmente cuánto es lo q luchó por sus convicciones por el bien de la humanidad, llevándole la contra a la Oms y a varias instituciones y médicos q solo les interesa el negocio de la salud, manteniendo a la gente enferma dependiente de fármacos y asi llenarse los bolsillos y cuentas bancarias de dinero..
Falta más gente como Jim, un grande!
Doy gracias por todo lo q fué capaz de hacer, de otra forma hoy no estaríamos aquí.. todos los días un poco más despiertos q ayer, investigando y concientizando a más personas, para q salgan de la ignorancia y la esclavitud del sistema de salud. Pero un punto importante, el milagro ocurre en conjunto con otros factores tambien, como una buena alimentación y la actitud de comprometerse a sanar.

Mis respetos y condolencias a su familia y cercanos. Fue una difícil pero a la vez una hermosa misión de vida la vino a experimentar Jim. Me alegra el legado q nos ha dejado a todos.. Gracias 🙏❤️ 🤍💛

So this is farewell. I hope you come in a better place, for all, here, we can never proof if something comes after this. So if you are somewhere else, and you can still see, hear or feel this message, a absolute super thank you for fighting, spreading the knowledge and saving many lives.
Great men are rare these days, you where/are one of them.
I'm glad that I found your knowledge, and am able to use it.
And as long as you are safe with it, it does work.
That's by own experience from saving my kat who had FIP.
I saw, investegated, and was confronted with decied and fals information from vets around that topic.
The medical industry is often a sick platform, and the way you stood up to it, deserve a statue.
You where/are a shining light in these dark times.
As long as I'm around, your knowledge will live, and I'm sure others will do the same and keep it alive.
So a big homage to you, my friend.
I bless you.

Jim saved my life! When my general practitioner failed me calling my black mold symptoms "psychosomatic". To be true that is a big word for that idiot ion a lab coat, but I wanted to punch his mouth and tell him that the pain was psychosomatic. I was left hopeless until I found out about MMS. I knew this product worked in seconds as I was able to breath in fresh air for the first time in months! I was cured completely in roughly seven months. That does not happen in Western medicine! See you on the other side Jim Humble.

I stumbled across Mr Humble while I was searching for anything to fight off the hot topic of 2020. I bought your book and Dr Andrews Kalkers too. Your testimony in Africa testing the ppl positive to AIDS, HIV and Maleria and several hrs later the footage shows a negative test appear. And the list of things this stuff reverses is mind boggling. My 15 yr old Jack Russell was developing cataracts and 3 wks later began to vanish. Two yrs later and she can still see and never bumps into furniture. At $40 and on the same bottle 2 yrs later sir you are a jewel. Oh yes, forgot to mention that you don't even have anything to do with the sales not draw anything from the marketing. You truely are humble, Mr Humble. Then to discover that CD makes us alkaline and helps fight off so many diseases including the latest one also. Thank you sir for not sitting on this and for sharing what you learned about how CD saved the lives of those two men on your journey into the caves digging for gold. God bless you sir. I am honored to have lived during any portion that you did too.

Dear legend Jim Humble,

You are my hero
You saved my life from darkness of what's so called developmental disorder which is actually chronic side effects of childhood vaccinations.
My life changed dramatically since I took first pill of MMS2 back in February 2016.

That was the moment when I realized that my childhood was ruined too tho, since after living through 23 years with a fucked up brain I got to know what a normal body was like. It was really shocking.

But no regret. I am really happy to be normally functioning.

Tou saved my life. And surprisingly I'm just one of millions.

You gave chances to live actual lives to so many people.

I really wanted to meet you on the earth but unfortunately I couldn't make it.

But your death reminded me of the way to live as a real man.

Recently my soul was half dead and I was considering to change myself into a totally selfish man cuz of so many personal issues but you, my role model, my hero gave it back to me with this news.

You saved my life twice.

Now, in order to meet you after the end of my life, in order to catch up with you, I'll start trying to live my life like you lived your life.

See you soon Jim, my hero, the true legend.

Hayate Saito

Mi querido amigo, Jim. No puedo creer que haya llegado el momento de despedirme. Los 2 años que viviste conmigo como parte de mi familia están grabados para siempre en mi corazón y en mi mente. Como te dije en febrero de 2011, cuando fui a la República Dominicana para agradecerte las respuestas a mis oraciones, te dije que haría lo que tú has hecho. Aquí estoy después de 13 años y más de 100.000 personas sabiendo que hay una solución y que nos la trajiste a nosotros, las masas. Eres un verdadero humanitario. Estoy agradecido de haber podido conocer a sus hijos Paris y James. Lamento mucho su pérdida. Y tu hermosa y cariñosa esposa de 10 años, Cari. Ella te cuidó muy bien. Siempre asegurándome de que fueras perfecto. Ella te echará de menos. Mi corazón está roto. Esta noticia parece tan definitiva. Espero que lleves en tu corazón lo mucho que te amo y siempre lo haré. Eres una de las mayores bendiciones de Mi vida. Tu amiga y familia de corazón. Kerri Rivera

My dear friend, Jim. I can't believe the time has come to say goodbye. The 2 years that you lived with me as a part of my family are forever etched in my heart and mind. As I told you in February of 2011 when I went to the Dominican Republic to thank you for the answers to my prayers I told you I would do as you have done. Here I am after 13 years and 100,000+ people knowing that there is a solution and that you brought it to us, the masses. You are a true humanitarian. I am grateful to have been able to have known your children Paris and James. I am so very sorry for their loss. And your beautiful, caring wife of 10 years, Cari. She took such good care of you. Always making sure you were perfect. She will miss you. My heart is broken. This news seems so final. I hope you carry in your heart how much I love you and I always will. You are one of the greatest blessings in my life. Forever and always. Your friend and family of the heart. Kerri Rivera 😢

Hallo Jim
Die Nachricht von deinem Wechsel in die höheren Welten Gottes hat mich tief berührt!
Es war dein selbstloses Dienen an der Menschheit, mit deiner lebensrettenden Entdeckung von MMS, was mich nach dem lesen deines ersten Buches im Herzen berührt hat.
Ich versuche es dir gleich zu tun – täglich, in meiner Praxis. So kann auch ich diesen unsichtbaren Widerstand gegen alles was heilt spüren – und mach trotzdem weiter, nach deinem Vorbild, vorsichtig aber stetig!
Und weisst du was? Mit der Zeit habe ich Frieden schliessen können mit diesem Widerstand, weil ich gemerkt habe, dass er mich sogar darin trainiert, stärker zu werden. Ich glaube zu spüren, dass auch du diese Erkenntnis hattest, denn Demut ist eine natürliche Folge davon.
Vielen herzlichen Dank, lieber Jim, für all deine Liebe die du durch deine Unermüdlichkeit in die Herzen so vieler hast fliessen lassen. . .
Ich wünsche dir viel Freude für deine neuen Aufgaben – die jetzt auf dich warten – im göttlichen Licht!

I started using the famous MMS from Jim…. So many years ago…. 20+ years ago! Family and friends thought I was crazy. Instead, it was revolutionary and amazing! It took some years to get more information, research and studies but I kept using it for everything, and it worked! I remember when I took up to like 16 drops of activated CD (MMS) at night before going to bed! That was a bit challenging (LOL)
That was then and now… with different protocols, still works. With the partnership of Jim Humble and Andreas Kalcker, we have learned so much more! What a great evolution MMS has had. Jim was the most important building block for all that we have today.
I would have loved to have met him. I hope that he knew the impact he had and still has and always will by discovering chlorine dioxide.
Sending love and light to the family for healing from loosing a loved one. It is never a good time to loose a loved one.
There are certain people we think we will never see part, and then again… we all have a due date and we will all move on at some point.
I celebrate today the wonderful human being Jim was! Jim was definitely an asset to society. Thank You!

Dear friends and family of Jim Humble,
I've been into alternate healing methods for many, many years and have known about his work for over a decade, and followed his stories closely. I have been greatly inspired by his kind persistence to help people find renewed health, even to the point of being forced to move away from his own country in order to pursue his intentions. He has been a champion of helping people with his discovery of MMS, and I am grateful for his contribution to humanity. I lost contact with his websites somewhere along the way, but was so excited when I found his channel at Telegram. I am beyond thankful!
My deepest condolences to you, for this great loss. He was a more amazing man his whole life than some may know. Everyone should read about his life. He was truly one of the greatest people ever. His legacy will live on in the lives of those who have been helped by his selfless efforts.
May God bless and may your sorrow be comforted.
One thankful follower,
Kathleen Tietsort

Quede en shock a ver esta noticia. Un grande, que la humanidad aún no ha tenido la capacidad de reconocer, su gran aporte a este proceso de evolución es inimaginable, toda mi admiración hacia el gran Jim, cumplió la misión que le encomendaron a cumplir en esta existencia, nos invitó a todos a acompañarlo en este camino, y doy las gracias sentirme partícipe de esta maravilla que nos entrega esta sustancia. Gracias Jim, tú sin saberlo, seguro si lo sabes, cambiaste mi vida y encausaste el camino de mi existencia, y no solo él, sino todos todos lo que están rodeando al mms. Otro grande trascendió, cumplió y volvió a la fuente. Estás rodeados de mucho amor, y acá nos dejas para seguir con tu legado. Te amamos!!!!. Gracias Jim!!!

Doy gracias a Dios por darle la sabiduría al ser Jim por aver inventado CDS puesto es mí tratamiento para el corazón ya que a mí me dió un infarto y duré cinco días en UCI.
Yo comencé a tomar CDS y cuando iba a los controles los médicos me aumentaban las dosis de los medicamentos ya que el corazón estaba funcionando perfectamente y el cardiólogo me decía que no podía funcionar así porque me avía dado un infarto tenía que latir mas lento, por eso ya yo no voy a controles y sigo tomando CDS, y me siento perfectamente bien gracias a Dios

Desde nuestro grupo le hemos rendido homenaje en vida a Jim Humble. Hoy lo despedimos con un GRACIAS! infinito, por su preciado tesoro dejado en manos de toda la humanidad…un buscador de oro… salvando vidas!…
Dios te tenga en Su Santa Gloria Jim, te amamos!…
Amén…
Gracias!…Gracias!…Gracias!…

Jim Humble un nombre para algunos desconocido, pero se trata del primer hombre en difundir por el mundo, que el dióxido de cloro es capaz de curar diferentes enfermedades, incluso el cáncer y el autismo. Lo llamó la "cura milagrosa", usándolo a través del MMS «suplemento mineral milagroso» .
Este norteamericano trabajó en el área de minería buscando oro. Un hombre con principios y leal…

Jim un abrazo hasta el cielo.
Desde que hace alrededor de 20 años que me encontré con el primer libro que acababas de escribir, cambiaste mi vida para siempre, pues hice del Dióxido de Cloro una de mis prioridades de vida, al utilizarlo y darlo a conocer.
Cuando nos reunimos en Puerto Vallarta, México y que también me toco convivir con Andreas Kalcker y sus inicios aun rudimentarios en la elaboración del CDS, me impulso aun más a subirme a esa enorme ola de salud que tu iniciaste.
Que Dios te tenga a su lado.
=======
Jim a hug to heaven.
Since about 20 years ago I came across the first book you had just written, you changed my life forever, because I made Chlorine Dioxide one of my life priorities, by using it and making it known.
When we met in Puerto Vallarta, Mexico and I also had to live with Andreas Kalcker and his still rudimentary beginnings in the elaboration of the CDS, I was even more encouraged to ride that huge wave of health that you started.
May God have you by his side

To the most honorable man, Jim Humble. A true humanitarian and Southern gentleman!
I've been studying about MMS and thanks to working with Dr Kalcker CDS. My main focus is to help animals as there are as many benefits to them as for humans…. Thank you so much for your courage to think outside the box and find a solution for diseases which has saved many lives… May your soul be at peace and at rest. 😍

Dear Jim,

You saved my life. I couldn't walk, I couldn't stand, I couldn't lift up my arms or talk. I had declined into an extremely sick state, and didn't think I would live past a few more months with what I found out was late stage Lyme disease. I started chlorine dioxide and in only a few weeks I was up and out of bed, and within 4 months I felt I could run a marathon.

I honor you and thank you. I will always share with others what you have given to this world.

Thank you. Rest in peace, and til we meet again!

Hello Jim,
I am deeply grateful for your work. I learnt from you almost 13 years ago. You changed my life for the better,
I do not know where I would be without your determination to help humanity. You have helped me in so many ways. Health-wise, I would be in a very, very, very different place if it wasn't for what you did. It is not just important for now. It is also important for the future by helping me to avoid the risk of various health complications.

It was also your way of thinking that I liked and ultimately helped. You used critical thinking, which is what I do and need to do for myself. Have doubts and learn to distinguish between fact and belief.

You have helped so many people that many do not even know that you have helped them.
You are a true hero and you will always be remembered!

May your next life be prosperous and exciting with the ability to always do what you love to do!

Jim fue un regalo de Dios para toda la humanidad. Con mis ojos, he visto vidas cambiadas -la mía incluida- con sus descubrimientos con el Dióxido de Cloro y sus aplicaciones. Aquellos padecimientos que nos hicieron creer que eran incurables, se hicieron "curables" con esta molécula maravillosa. Gracias por todos los aportes a la humanidad. Definitivamente, es un antes y después en la historia de la salud humana y hasta de animales. Que Dios abrace, consuele, fortalezca y traiga paz al corazón de cada familiar, amigo y allegado.
//////////////////
Jim was a gift from God to all mankind. With my own eyes, I have seen lives changed -mine included- with his discoveries with Chlorine Dioxide and its applications. Those conditions that we were led to believe were incurable, became "curable" with this wonderful molecule. Thank you for all the contributions to humanity. It is definitely a before and after in the history of human and even animal health. May God embrace, comfort, strengthen and bring peace to the heart of each family member, friend and relative.

Dear Mr. Jim Humble, you changed my life forever. I wasn't fortunate enough to meet you whether it be in person or on a phone call, but I hope you know that the spirit of you, Jim Humble, remains within me, Cody, and it always will. Forever and always.

My team and I, with Gods help of course, will proudly carry on your legacy and we will make sure that MMS is solidified as a CURE to all of these man made "diseases" that [THEY] have plagued us with.

I know you're looking down just smiling because you're well aware that God used you as a vessel. A vessel that can't be compared to anything that I've ever seen with my own eyes.

The amount of lives that have been saved and changed because of Jim Humble's discoveries with Chlorine Dioxide is astounding. There isn't a word for it. It is everlasting.

You are FOREVER in our hearts. I can't wait to meet you in God's Kingdom some day. 🙏

Rest In Heavens Glory. ✝️

Jim your mission to save lives helped to save mine! I will never forget how doctors gave up, but you and your Bag Protocol helped to give me back mobility and helped fixed my brain.

I became a student of MMS, a Health Minister and Bishop. What you taught us will never leave me. Your fortitude of faith in how much good MMS could bring to the world, made you a target, but through God's goodness and grace, you persevered.

Now your work lives on through those of us whom you guided with your books, your Newsletters, your emails, and very, very rare telephone conversations.

You'll be missed, but your legacy remains. Lives will forever be saved because of your selfless sacrifices, to help restore health in humanity.

Sleep in peace Jim. Take your much needed rest my dear. May your soul RIP!
